Re: Petition for Rule Making
to Assign an FM Channel to
Jewett, New York

Dear Ms. Searcy:

I hereby request that the Commission assign FM Channel 250A to Jewett, New York.

Enclosed are an original and four (4) copies of the engineering exhibit in support of this request.

It is my intention to apply for a construction permit to operate on the requested channel, when it is assigned.

Very Truly yours,

Alexander Kmeta

ENGINEERING STATEMENT

This Engineering statement and attached figure have been prepared to support my petition requesting modification of the Table of Allotments to specify FM Channel 250A at Jewett, New York. This petition for rule making, if granted, would provide the village of Jewett with its first local broadcast radio service.

The village of Jewett is located in Greene County in the State of New York. The 1980 U.S. Census population of Jewett was 723 persons. There are no FM channels presently assigned to Jewett.

As a result of a frequency search it has been determined that Channel 250A may be assigned to Jewett, New York as a "drop-in" without affecting any existing or proposed FM assignments. Therefore, it is requested that Section 73.202(b) of the FCC Rules and Regulations be amended in the following manner:

<u>COMMUNITY</u>	<u>EXISTING</u>	<u>PROPOSED</u>
JEWETT, NEW YORK	--	250A

It is my intention to apply for a construction permit to operate on the FM channel proposed herein, if it is assigned.

The reference point coordinates of the village of Jewett are:

42-15-43 ; 74-18-13

The assignment of Channel 250A to Jewett will meet all minimum distance separation requirements under the FCC Rules with the following site restriction:

9.4 km North-North West of Jewett reference point coordinates-
approximately 42-20-25 ; 74-20-51

In view of the above, it is believed that the assignment of Channel 250A to Jewett, New York would be in the public interest.

The foregoing statement and the attached figure are true and accurate to the best of my knowledge and belief.

Alexander Kmeta
